

## SPECIALTY SERVICES

Eggers Industries is widely renowned for crafting beautiful doors and quality veneered wood products.

Our passion for excellence spurs us on to continually provide superior products and exceptional service. Our specialty services are designed to make your Eggers experience rich and rewarding.

Turning nature's beauty into works of art

## Lead Time Email Updates

Our customers stay updated via email on the turnaround time for our doors and frames. Bulletins, upcoming events, production times and other pertinent information are promptly shared through this weekly email service.

## Fast Track Always Available

When your project requires doors and frames in a hurry, Eggers' Fast Track Always Available program is your best solution. This expedited service guarantees flush doors in as little as 4 working days, door frames within 11 working days and stile & rail doors in 15 working days.

## AIA/CES Courses

Our continuing education classes are offered per request throughout the year, so you can schedule a time that best suits you. Each class is an interactive hour-long session worth one AIA/CES learning unit and one HSW credit. AIA/CES courses are offered either at your site or through the convenience of a WebEx webinar. Onsite classes can be conducted over lunch. We bring the food. You get the credit. It's that convenient.

## Understanding Wood Door Constructions

- Discern differences between 5-ply and 7-ply doors.
- Learn stile & rail construction details.
- Specify to WDMA and AWI standards.

## LEED® Certified Wood Doors

Earn LEED points with sustainable design by:

- Learning which constructions maximize LEED points for doors.
- Identify relevant organizations and their roles in the certification process.
- Creating proper specifications for certified doors.

## Understanding Wood Veneer

- Learn the varying cuts, grades, species, and matching options.
- Specify to AWI and/or WDMA standards.
- Identify trouble areas in specifications related to veneer.

## Positive Pressure and Smoke Control

- Learn about pressure categories and smoke control requirements.
- Understand the importance of proper installation.
- Learn tips on establishing the most effective positive pressure openings.

## Avoiding the Potholes:

### The Road to Better Wood Door Specs

- Learn how to avoid the 10 most common pitfalls in wood door specifications.
- Gain access to tools for consistent and correct specifications.

## Eggers Institute - Distributor Training

Eggers institute is an opportunity for distributors to not only pick up in-depth information on industry issues, but also network with industry colleagues, interact with Eggers' management and staff and tour our facilities. This 2-day classroom style training provides participants with hands-on demos and technical information. Classes cover standard and specialty wood door constructions, LEED, veneers, finishing, and more. Eggers Institute is approved through the Door & Hardware Institute for 33 technical points toward AHC, CDC, EHC and AOC certifications.
